Subject: Proposal to relocate trolley art

Hi Kristin,

I am writing to you on behalf of the Parks and Recreation Committee to propose a new location for the trolley art piece that is currently inside the town hall.

The trolley art piece was created by Myersville resident Carrie Bauer, the winner of a public contest organized by the Parks & Rec department last year. One of the benefits of winning the contest was that the art piece would be showcased in one of the parks in Myersville. Therefore, we are asking for your approval and support to move the trolley art piece from the town hall to a park.

We have identified a suitable spot for the art in Memorial Park, on the pedestal that is the right size and matches the theme of the trolley station. We think that this location would enhance the aesthetic and cultural value of the park.

We understand that moving and installing the trolley art may require some logistical and financial arrangements, and we are willing to work with you and other stakeholders to make this happen. We would also appreciate your input on any other considerations or challenges that we may need to address.

Please let us know what you think of this proposal and how we can proceed with it. We look forward to hearing from you soon.

Thank you for your time.

Take care,

Efim Shapiro
Parks and Recreation Committee
